DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:
2. The prior art of the record does not teach or suggest a supporting structure for a dynamoelectric machine which is connectable to an adjacent part while being simultaneously protected from moisture or contaminants including inter alia, a cover removably mounted on the end shield and defining an enclosure to protect at least one electrical component, the cover being configured for an overlapping fit with at least a portion of the wall of the end shield to prevent passage of moisture or contaminants into the enclosure; wherein the cover is further configured to avoid covering said at least two openings when mounted on the end shield such that said fastener locations lie outside of the enclosure and are accessible for connecting the machine to said adjacent part while the cover remains mounted on the end shield.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
